To-day's games-Wheeling at Mansf Springfield at Dayton, Fort Wayne at lede, Youngstown at New Castle.

There was only one scheduled game in the Inter-state yesterday, and as detailed below the rain prevented the playing of the game. To-day all the clubs meet and there will likely be some changes in the standing of the clubs.

The Rain Poured Down

Special Dispatch to the Intelligencer.

MANSFIELD, April 30.—The rain
poured gown in Mansfield, making the poured gown in Mansfield, making the park such an a sea of mud that it was impossible to play the game scheduled for to-day. The clubs play to-morrey, and Manager Coyle will probably pitch Garvey or Campbell, though it is possible Jack Easton will go in for his first game with the team. Strouthers has not yet determined whom he will play in the box. The Mansfield fans are delighted over the showing their sluggers made at Wheeling, and it is settled that the game will be well patronized here for the first time in several years. To-day the town is base ball criszy, and Strouthers is the king bee of them all. But Wheeling may give them a fall tomorrow. The Nailers are desperate over their two successive defeats at home and will out do themselves to throw down the home team.

when the session of the society opened in the chamber of commerce rooms this when the session of the society opened in the chamber of commerce rooms this morning, men prominent in various walks of He were present. The address of welcome was delivered by President J. M. Richardson, of the Ohio Society, and was responded to by vice president General Edwin 8. Barrett, of the Massachusetts society. Both addresses were of an eloquent nature and received generous applause. The secretary general, Franklin Murphy, spolagized for the absence of the president of the society, General Horace Porter, who is busy arranging his affairs preparatory to his departure as ambasador to France. The secretary's report showed that the society has an organization of \$9.09 members in thirty-six states with a 20-clety in Hawaii. The reports of C. W. Harkins, of New York, treasurer general, O. Howard Clark of Washington, register general, and Henry Hall, of New York, historian general, were also read, but were of a strictly routine nature.

The absorbing topic at the morning session was the proposed union with an organization bearing a similar name, the Sons of the Revolution. There has been a decided inclination for months to unite the societies and it is likely that the convention will take steps looking to that end before it adjourns.

Superintendent Ingle Malone, of Cameron, was here yesterday with a force of workmen tearing away the temporary Baltimore & Ohio treastle over Little Grave creek, which was built after the fron bridge was washed away last July. Work has been begun on the stone foundation for the handsome residence of ex-Sheriff Mathews on Fifth street. William Donley, of this place, will do the brick work and Woods Bros., of Wheeling, have the contract for the woodwork. City council has ordered the taxes upon property now included in the new city chairer bill, recently confirmed by a decision of the supreme court of appeals, to be collected.

five rounds to decide the world's championship. The battle was fast and furious, but at the end of the eleventh round Lavigne had Connolly fought to a standstill, after sending him down five times in succession with right swings on the head and Jaw. Connelly skined a host of friends by his gameness in setting to his feet in a couple of seconds each time, but these efforts were unavailing and he stagsered into his corner at the end of the eleventh round, hopelessly besten.

Joe Choynski, who was Connelly's principal handler, saw that the fight was over so far as the Canadian was concerned and would not permit Connelly to subject himself to any more punishment. The closing round was a wonderful exhibition of nerve on the part of Connelly. Lavigne opened with left on wind and swing a terrific left flush on the mouth. He followed this up with a stiff right on the ribs and Connelly went down. Five times in succession Lavigne sent Connelly down with rights on the head and Connelly got gamely to his feet every time in a couple of seconds. The bell clanged when he came up the last time and he staggered to his corner in a very weak condition. When time was called for the beginning of the twelfth round Connelly was in such a weak condition that his seconds would not allow him to continue and the referees awarded the fight to Lavigne. Lavigne's seconds were Sam Fitzpatrick, Benny Murphy, Jim Ryan and Tom Tracey, while Connelly was handled by Joe Choynski, Jimmy Kelly, Dick Moore and Billy Smith.

THERE is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be document. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hell's Catarrh Cure, manufactured by F. J. Cheey & Co., Toledo, Ohlo, is the only constitutional cure on the market, it is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and muccus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address.
